Today I learned all about SugarBee®'s delicious apples with Captain & Cat

Label the parts of an apple:

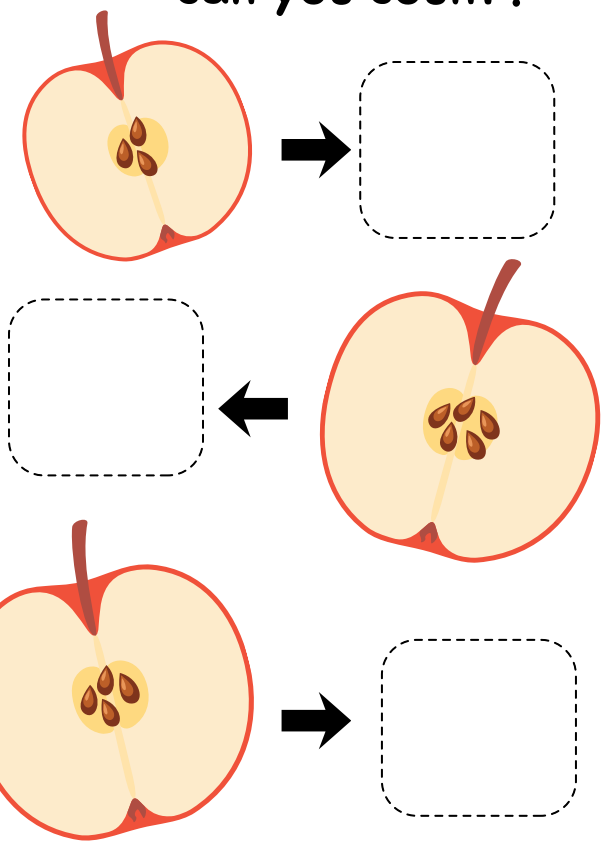

Core

Skin

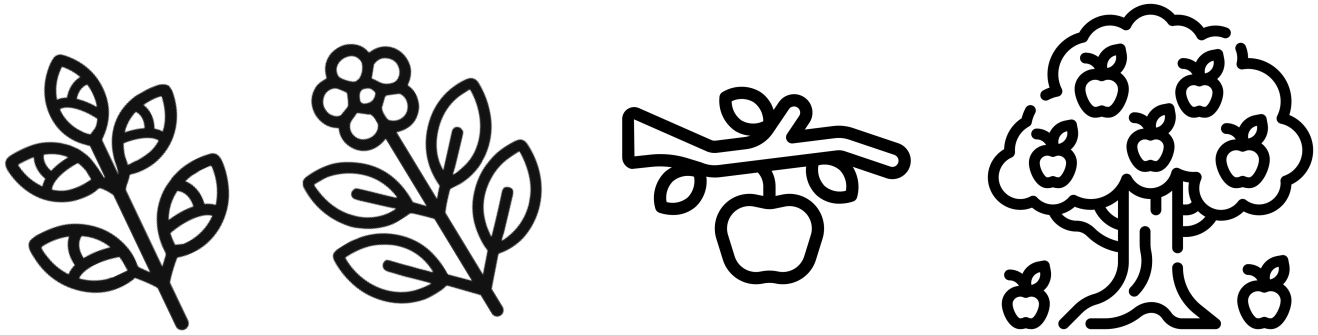

Leaf

Stem Seeds Flesh

How many apple seeds can you count?

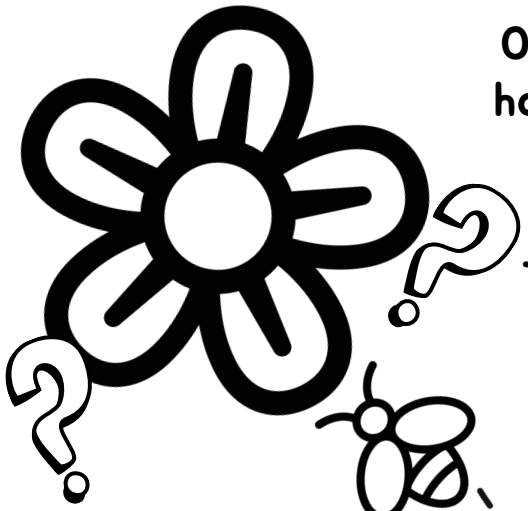

Color in the lifecycle of a SugarBee® apple!

1. Bud
2. Blossom
3. Growth Stage
4. Apples

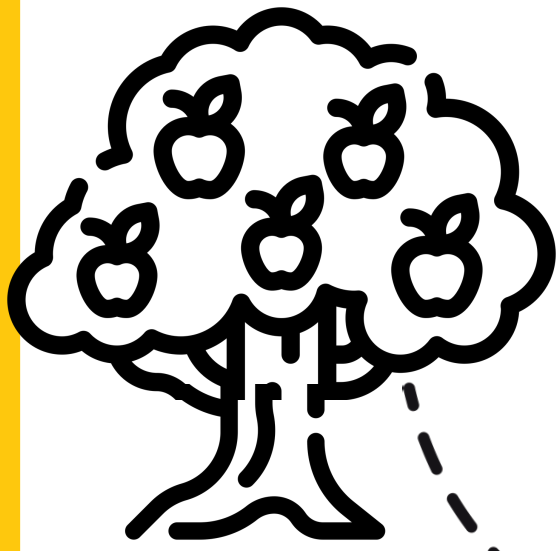

How Bees Made a New Apple

Once upon a time a honey bee collected pollen from an unknown apple tree's blossom. . .

. . .and took that pollen to a Honeycrisp apple tree.

That pollen made a **brand new SugarBee® apple!**
